

Buy American!

*Made
IN
America*

Crow is the ONLY
major American-Made
restraint company!

All seatbelts are NOT equal.

Your safety is paramount!

You have a choice, before you buy ask the salesperson these four questions:

1. Where are your restraints manufactured?
2. What is the SFI date of the belts you will be shipping?
3. Are these seat belts re-certifiable?
4. Do you offer same-day or next-day shipping?

The choice then becomes simple, with Crow, the only other question is, "What color would you like?"

1. Crow products are American made; we use military-grade webbing manufactured in Rhode Island.
2. Currently shipping SFI date June 2028
3. YES, Crow seatbelts are re-certifiable.
4. Same-day shipping if order placed by 9 AM PST.
